

The Virtual 7th Trofeu Internacional Ciutat de Barcelona 2014, Women SuperVets Course

This week we head south to a very warm weekend in Barcelona back in November 2014. It was a fairly straightforward race until the park at the end where people started making mistakes. You have 22 controls to find this week and get to visit the narrow streets of the Gothic quarter before the Parc de la Ciutadella.

When controlling the course on a different computer (thanks Nick), we have found that you need to make sure that you are looking at the most recent **Google Image**, not an image posted by a named individual. Don't worry though, we have managed to find all the possible answer options!

When you have finished, send your answers and time to complete the course to me at orienteeringj@gmail.com and I'll award DEE free run vouchers.

Good luck!

Jane
