Start /Finish At the same location as each other . Shown on the course map (SJ201711) It is by the large road sign 'WINDMILL-MELIN WYNT' Shown on the photograph below

What 3 Words location [///magnetic.modem.enclosing](http://magnetic.modem.enclosing)

Time yourself from this point.

Event Details

There are 3 courses. Download and print your own map from the DEE web site or by E mailing a request to John Padget. The map includes the description sheet. Time yourself if you wish to do this. The controls are conventional kites, but they have no numbers on them so ignore the control numbers on the description sheet. There are no controls in close proximity to each other so if you find a control it will be the correct one. E mail your time to John Padget if you wish to do so . An informal list of all these times will be made available.

Terrain In general the controls have not been placed in bracken or difficult undergrowth. However there will be legs where a path route is preferably to the direct route because of the bracken. The screen on the map is a fairly reliable aid to making this decision.

Courses

Long 5.5 Km 11 controls

Medium 3.9 Km 10 controls

Orange 2.8 Km 7 controls no road crossings

Note that the orange course is only slightly more difficult than a yellow. Most of the controls are very near paths. However it is more difficult than a normal yellow because (a) the controls are not visible from the paths in order to minimise the chance them being nicked overnight and (b) there are some quite long legs which include several complex path junctions.

Covid 19 / General Health & Safety Warnings

- Please note that this is not a British Orienteering insured activity so it is undertaken at your own risk.
- If you go alone, please let someone know the details.
- Please carry your mobile phone or a whistle.

- Only travel with members of your household
- Make sure you stay 2m away from anyone not in your household
- Be really courteous to any member of the public you come across, giving them right of way.
- Go close to the controls but don't touch them!
- Don't take part if you're experiencing any COVID symptoms
