

Lisbon O Meet, 30th/31st Jan 2016

Lisbon O meet was the first WRE of the year for Dave and Chris. Not many top runners there as the Portugal O meet was the next weekend – a regular outing for several national teams. However, Daniel Hubmann (SUI, world champion) was there to give an indication of their form. A Sprint WRE on Sat am in the alleys near the castle saw them finish yet again close together with Dave 8 seconds ahead of Chris in 4th and 5th places, a bit under 2 minutes down on Daniel. A longer park race in the pm saw them in 7th and 9th position (2 and 3 minutes down) but Dave had another great finish in 4th place in the Long Distance WRE on Sunday in the dunes giving him 3rd overall in the cumulative results. Cat Taylor won the women's long race, Alice Leake was 3rd in the Sprint. Attached pictures show Chris and Dave on the run-in in the Sprint and the prize-giving for that event, that of Dave at the overall prize giving is on <https://twitter.com/daveschorah> and another picture of Chris during the Sprint race is near the bottom on <http://portugueseorienteeingblog.blogspot.co.uk> Hopefully their points will move them up the World Rankings now split between Sprint and Forest.
