Organiser's Thanks and Comments:

Thanks to: Pete Owens for producing the map, Nick Campbell for help with map correction, surveying & reviewing the risk assessment, Graham Nilsen for doing a controlling check of all the sites and running the start & finish, and Maria Brockway for helping with the marking.

Thanks also to Andrew Bowles & the Cheshire West & Chester event team for permission to hold the event and a special thanks to Landlord Jack and his colleague Frank for allowing us to use The Handbridge, fresh from refurbishment. They went out of their way to welcome us.

The area is mainly residential, but split into several zones. As I hoped, the fastest runners made it over the border into Wales. I wanted to tempt you to cross the River Dee so strategically placed some high point conrols to encourage you. I look forward to seeing your routes on RouteGadget.

Jane Campbell
