	Organiser's Thanks and Comments:								
	Thanks everyone for coming along to the first event of our 2020 series. Particular thanks to Pauline at The Bear's Paw for accommodating us, Graham Nilsen for mapping, planning & running the start, Peter Brooke from BOF & SELOC for coming along to help, the Harris family for the loan of their drive as a control site and Nick Campbell for helping me to check the control sites. In case you were wondering about the Hitchcock link..... it arose from a disagreement between the planner and organiser as to whether we were in Chester North or Chester North-East which led to Chester N by NE and invariably onto North by North West and crop dusters. The next NSL event is Thursday 6 February in Frodsham.
