

BRUGES VIRTUAL O QUESTION SHEET

Use Street View in Google Maps or Google Earth, together with the map, to navigate round the course, answering the questions at each control.

The map is a copy of the competition map from an event in 2015.

All the questions can be answered from Street View. You do not have to use the photo sphere blue circles.

If you find that you cannot move forwards in Street View, you can get round by exiting Street View to get into satellite view, then going straight back into Street View.

To magnify the picture to read something

in Google Maps, use the mouse wheel or the + icon under the compass in the bottom right corner of the picture

in Google Earth, use the slider on the right-hand side of the picture.

The start is located in Markt, Bruges
