Organiser's Comments (Rebecca McCreadie)

Wrong answers were:

(correct answer shown in brackets)

#13 (Fidler) As there were two commemorative plaques on the bench concerned, Fox/Cox has also been credited

#36 (1) Christian Edwards 2

#42 (7) Trevor Hindle 6, Elaine Sutton 9

#53 (3) Helen & Jude 2

#54 (2) As this was a lamp post not a telegraph pole, all answers have been credited

Thanks to Jane for all her help and support and Mike Smithard for his help on the night

Planner's Comments (Darren Baker)

Thanks to everyone for coming along on a cold, but otherwise perfect night for running. It was great to see many new faces and hope to see you again at the Great Sankey event (20th) or the MDOC series. Great to see many regulars from MDOC making the trip west, and also Kev Latham on a long journey south.

Having never visited Frodsham before, apart from driving through to Delamere, I thought it would be a great event to mentor Rebecca on her first organising/planning event. I feel like we know Frodsham intimately now. The O stake at control 60 was decided to steer competitors off the Out of Bounds, narrow pavementless, Howey Lane. Thank you if you visited that control. My sincerest apologies for control number 54 for competitors' frustrations and associated time loss. The required exactness, and time spent on other areas of

the map, meant that the 54 control was not checked properly by me, for which I humbly apologise.

Special thanks to the McCreadie family for their help, with Matthew for his enthusiastic assistance sitting outside in the cold. The assistance of the checkers in the Bears Paw, to the pub itself, great food and atmosphere.

Also special thanks to Norman Hall for his calming nature with my IT deficiencies, right up to the minute of sending the maps for printing, to Steve McLean, who I also thank for printing at short notice.

See you all soon
